THE CAMBRIDGE SCHOOL CELTA

FAST FACTS

CELTA courses

The CELTA (Certificate in English Language Teaching to Adults) is an internationally recognized qualification for people who want [to teach English as a Foreign Language \(TEFL\)](#). Moderated by the University of Cambridge, the CELTA is the qualification that is [most well known among and preferred by employers](#).

Cambridge School Group, Catalonia

[Cambridge School Granollers](#) is one of the leading teacher training centres in Catalonia to run this prestigious course. Cambridge School Granollers was founded in 1984 and is the largest of the Cambridge School Group which comprises 9 centres in the area which currently employs over 80 teachers and is responsible for the language training of over 3000 students both in house and in association with local schools and leading businesses in the area.

Intensive training

[Our CELTA courses](#) are highly intensive and hugely practical as well as being both rewarding and fun. Some centres offer 4-week courses. We choose to make the Cambridge School CELTA a [5-week course](#) because from experience we know that trainees benefit enormously from the additional week to assimilate the course content. It might seem tempting to do the course as intensively as possible, but the extra time can help trainees get better grades, thereby helping their job prospects.

Quality assurance

Not only are our courses moderated by the [University Of Cambridge](#) to ensure the standard of the courses is always excellent but our team of permanent on-site [teacher trainers](#) have over 100 years of hands on experience of teaching and training and are at the forefront of methodological developments in TEFL.

Not only is this cheaper than other courses advertised in Barcelona but if you register your interest (see below) you get a 5% discount off the price of the course.

Enrolment

You will need to complete a [pre-interview task](#) and attend an interview (in Spain or via phone or Skype).
